

Introducing our Church Leaders

We are blessed to have a really excellent team of leaders in this fellowship. The photos shown above are of those who make up our Leadership Team, some of which are also Board members (red dot).

Below are photos of those who lead our small groups. We call our cell groups "Connect Groups". These are open to all regular attendees.

All of our leaders are available and willing to respond if you wish to talk to someone, need prayer or information.

Other key workers are

**Who's who in
Elim**

If you are new to Elim, it can be difficult working out who's who in this place. Who are the Leaders? What are they responsible for? If I have a need or enquiry, who should I ask?

Well, this little leaflet is designed to give you a starting point, recognising that it would take you a considerable time to find these things out if the only opportunity you have is just before and after our services.

Experience will soon teach you that there isn't much opportunity to get to know people on a Sunday because the majority of people arrive in a rush, on or just after the starting time of the services! But our Connect Groups and other Small Groups do work well in that area. We would encourage you to try these out as soon as possible.
